

## OBJECTIVE

To build a long-term career within several industries, including healthcare, SES, defence forces & the trades.

Keen desire to constantly further my knowledge in all areas of these industries.

To enhance my career, develop competencies, new skill sets and continually operate with the highest level of training.

Strong focus on health, fitness, and safe work practises within a team.

To hold myself to the highest standards in accordance with work ethic, attitude, workplace regulations and development.

---
